Antunes Controls Division of A. J. Antunes & Co. 180 Kehoe Blvd, Carol Stream IL 60188-7700 USA	3231-02 SWITCHES-Automatic - Pressure Type Refer to Class Description for program details	025144_0_000

- Pressure sensing switch, Model SMP, enclosed, rated: 10A, 125, 250V ac; 1/8 hp, 125V ac; 1/4 hp, 250V ac; 125VA Pilot Duty, 125, 250V ac.
- Air pressure switches, Type SML Series, 1 in to 9 in W.C. Rated 10A, 125V ac; 8A, 250V ac; 7A, 277V ac; 1/8 hp, 125V ac; 1/4 hp, 250V ac; Pilot Duty 125VA, 125/277V ac.
- Vacuum operated sheet metal switch, Type SMV series, rated from 0.2 in to 1 in W.C., 5A resistive, 250V ac; 125VA pilot duty, 277V ac; 1/10 hp, 125V ac.
- Type SLV series of vacuum-operated switches, rated .2 in to 6 in W.C.; 28VA pilot duty, 24V ac; 3 FLA, 8 LRA, 24V ac; 5A res, 24V ac.
- Type SMM pressure, vacuum or differential pressure switches, rated 0.2 to 1 in water column, 5A (res), 277V ac, 30,000C.
- Type SLM pressure, vacuum or differential pressure switches rated 0.2 to 1 in W.C., 5A (res); 24V ac, 30,000C.

Note: All switches are Certified as components for use only in other Certified equipment where the suitability of the combination is determined by the Canadian Standards Association.
