Service Bulletin 102

## RECALL

## RECALL

## RECALL

A.J. Antunes & Co. is recalling two (2) Control Boards: **P/N 407K002**, which is used on our Taco Bell Models, TBS-1-S, TBS-2S, TBS-1RR, & TBS-2RR; & **P/N 402K169**, which is used on our Variety Steamer, Model VS-200A.

We have improved these Controls by adding 1 additional MOV, 2 additional capacitors, and 1 resistor to give them more reliability.

The improved TBS Control became available on February 1, 1998, and the VS-200A Control became available on March 1, 1998. **PART NUMBERS HAVE NOT CHANGED FOR THESE CONTROLS.**

**Please check your records to see if you have purchased these Controls after the revision dates. If so, please note the following to identify the Controls that we are recalling:**

1. Using proper grounding procedures, remove the Control from its anti-static bag. **KEEP THIS BAG AS IT IS REUSABLE.**
2. If you can see all 4 components installed on the underside of the Control board, you have the improved and current version of the Control. **KEEP THESE CONTROLS IN YOUR STOCK.**
3. If you don't see any, or only 1 component installed on the underside of the board, you have the "old style control." **RETURN ALL OLD STYLE CONTROLS TO A.J. Antunes & Co.\***

**Place an order for the appropriate number of Control Boards. When you receive this Control Board order, return the recalled Controls, ALONG with the completed form to us.**

**Please be sure to record the quantities, part numbers, and serial numbers for these old style Controls on the enclosed form.**

**When we receive your recalled Controls, we will credit you for your Control Board order, as well as your shipping costs to return the recalled Controls to us.\***

Please call our Technical Service Department at 800-253-2991 if there are any questions regarding this recall procedure.

Sincerely,

A.J. ANTUNES & CO.

John D. Pravdica  
National Service Manager

\* These Controls must be new and in their original anti-static package. UPS Ground only.

## PARTS PRICE REDUCTION

THE LIST PRICE FOR THE BELT WRAPS USED ON ALL McDONALD'S VERTICAL TOASTERS HAS BEEN REDUCED.

<u>PART NUMBER</u>	<u>USED ON</u>	<u>OLD LIST PRICE</u>	<u>NEW LIST PRICE</u>
0400304	All VCT-22's	\$ 72.60	\$ 44.00
0400311	All VCT-100's	\$ 55.00	\$ 44.00

Please change these prices in your price book and offer McDonald's your usual discount.

Note the early manuals issued with the VCT-100 toasters listed the belt wrap part number as 0400304. **This is incorrect.** The proper part number is listed above. Please change your records and edit your part orders accordingly.

Thank you for your continued support.
